

Name: AyushMoreswarBhujade

Phone: 9322159082

Email ID: ayushbhujade2005@gmail.com

SUMMARY

Data Science and AI enthusiast with strong skills in machine learning, deep learning, and data analysis. Experienced in Python, SQL, and visualization, with projects in prediction, classification, Passionate about applying data-driven solutions to real- world problems.

- LinkedIn Link : <https://www.linkedin.com/in/ayush-moreswar-bhujade/?originalSubdomain=in>

TECHNICAL SKILLS

- **Programming Languages:** Python (Pandas, NumPy, Seaborn, Matplotlib, Sklearn, Keras, TensorFlow,)
- **Database Management:** MySQL (Data Query and Manipulation), SQL
- **Machine Learning:** Supervised and Unsupervised Learning (Regression, Classification, Clustering Techniques), Ensemble Techniques (Bagging and Boosting), Statistics, Descript Mathematics
- **Deep Learning and AI:** Neural Networks, LSTM, GRU, Transformer, Model Deployment, LLM Deployment

Data Visualization Tools:

- Microsoft Power BI
- Google Data Studio
- Microsoft Excel (VBA)

IDEs:

- Jupyter Notebook
- MySQL Workbench
- Vs code

Web Scraping:

- BeautifulSoup
- Scrapy, Selenium

Soft Skills:

- Problem-solving and Collaboration
- Research and Strategic Planning
- Attention to Detail
- Flexibility and Active Learning
- Excellent English Communication Skills (both written and oral)
- Presentation and Facilitation Skill

ACADEMIC PROJECTS

1. Diamond Price Prediction using Machine Learning (Oct 2024 –Dec 2024)

- **Objective:** Predict diamond prices using features such as carat, cut, color, and clarity.
- **Approach:** Applied data preprocessing and trained regression models including Linear Regression, Random Forest, and XGBoost using Python and Scikit-learn.
- **Impact:** Achieved 92% R^2 score, demonstrating high prediction accuracy.
- **Link:** [Project Details](#)

2. Movie Sentiment Analysis using ML & MLOps (Apr 2025 – June 2025)

- **Objective:** Build and deploy an end-to-end machine learning system to classify movie reviews as positive or negative.
- **Approach:** Trained a Logistic Regression model using Bag of Words features and implemented a complete MLOps pipeline with MLflow for experiment tracking, DVC for data and pipeline versioning, Docker for containerization, and AWS deployment.
- **Impact:** Delivered a production-ready, reproducible ML system with real-time monitoring using Prometheus and Grafana, enabling reliable model performance tracking in production.
- **Link:** [Project Details](#)

3.Flipkart Shopping Chatbot (RAG-based) (Aug 2025 – Oct 2025)

- **Objective:** Build an intelligent chatbot to assist users with product search and queries on Flipkart
- **Approach:** Developed a RAG-based chatbot using Gemini LLM, LangChain, Pinecone, and Python for contextual understanding and real-time product retrieval.
- **Impact:** Enabled natural language search, personalized product recommendations, and easily compare multiple Products, improving user experience.
- **Link:** [Project Detail](#)

EDUCATION

- **Bachelor's in Robotics and Artificial Intelligence**, Priyadarshini College of Engineering, 2022-2026 (7.0 CGPA)
- **HSC in Science**, Ashok jr college Umred, 2021-2022 (56.83%)
- **SSC in General**, Ashok Vidyalaya Umred, 2019-2020 (75%)

CERTIFICATIONS AND ACHIEVEMENTS

- **Machine Learning and AI Projects**
- **Multimodal NLP, GPT-4 Expectations**
- **Data Science Non-Technical Skills Development**

INTERESTS AND HOBBIES

- Productive discussions
- Over coffee
- Swimming
- Community service
- AI-based automation and drone technology
- Sustainable development

OTHER ACHIEVEMENTS

- Gold Medalist in Intercollege Swimming Championship.
- I represented my department as vice president when I was pursuing 3rd year.

INTERNSHIPS

- ML/AI Intern in 2024(3 Month).

DECLARATION

I hereby declare that the above written particulars are true to the best of my knowledge and belief.

Place: - Nagpur.

Date: -

(Ayush Moreshwar Bhujade)
